News From the Desk of the Club Manager

It is the responsibility of members to sign their guest in our guest registry by the front door.

Summer is in full swing with our waterways adjacent to our club house boiling with activity. We will host our sixth annual up the creek poker run on July 15th. Registration activity has been good and we still have some time for your crews registration. Registration forms are available at our clubhouse. The entry fee is \$25 per boat with 7 docks for you to visit. Captains meeting 12:00 P.M. and docks will be open 1:00 too 3:45 P.M. Please return no later than 4:00 p.m.to play your cards. Winners will be awarded fabulous prizes and we will have a DJ that evening. We are taking orders for the event tee shirt now and should be getting the first order soon.

We have some new hats, visors and tee shirts for sale. Please come by and check out our new merchandise when you are at Edisto.

Construction on our docks continues. Progress has been slower than expected and promised.

Please continue to be patient with us and understand we are doing what can be done.

The Beaufort over night trip will be in late August. Please check your calendars . Last years trip was a Tuesday departure and Wednesday afternoon we came home to Edisto Beach. Lodging will be at the Best Western next to the city marina. Grouped bookings may qualify for a reduced rate on rooms at Best Western. Get a crew and set off for fun on the water.

I have drafted this new format of newsletter in an effort to make understanding our normal routine schedule less redundant. We are now open for dinner five nights a week and Saturday for hot dogs from 12-2. Our clubhouse menu is available from 5-9 p.m. Wednesday, Thursday and Sunday. Friday evenings we host an Hors D Oeuvres social and Saturday evening we typically have a reserved fixed menu buffet. I am looking forward to seeing many members in July and hope you are one of them!
